Glenelg Day Surgery 4 Gordon St Glenelg

We continue to invest in our future, and our programme of improvement in 2018 includes a private day surgical facility in Glenelg, with one purpose in mind - to provide the highest standard of affordable care and treatment to help our patients conceive a healthy baby in the shortest possible time.

From 12 February, 2018, Flinders Fertility patients will undergo surgical procedures at Glenelg Day Surgery rather than at Flinders Medical Centre. Glenelg Day Surgery is a fully accredited private day surgical facility and member of the Australian Private Hospital Association. Glenelg Day Surgery is a freestanding private hospital, ideally located in Glenelg, so it is easily accessible by tram and other public transport, and there is also convenient car parking available for patients on Gordon St, Augusta St, Coles, Woolworths, GU Filmhouse Glenelg and the Partridge St Car Park.

Flinders Fertility is dedicated to providing all patients with the highest standard of personalised health care and fertility treatment in a convenient location, and this move is a milestone in improving facilities and services to our patients.
